DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

A. The Zoo Director requests authorization to execute a contract with Sean Kenney Design Incorporated to host a LEGO special exhibit for the 2021 season.

B. In order to reserve this exhibit for the 2021 season, the Zoo needs to pay a deposit of \$60,000 in 2018. The 2018 budget includes funding for this deposit. The total cost of the contract including shipping totals \$320,000 of which \$260,000 will be included in the 2021 Budget. The preliminary exhibit budget for 2021 is projected at \$363,213 in expenditures and \$490,000 in revenues for a net tax levy savings of \$126,787. There will be an admission fee of \$3.

C. The 2018 Budget includes sufficient funds to cover the cost of the deposit. The Zoo cannot reserve the exhibit for 2021 without a deposit in 2018.
