Amend the Recommended Budget as follows:

- Modify the proposed 1 percent Cost-of-living adjustment (COLA) beginning pay period 14 (effective June 16, 2019) to 2 percent. Reallocate monies from each department’s funding for employee merit awards (Account 5328) to the salary account (Account 5199) to cover the additional cost. Amend the narrative in Org. Unit 1940-1972 – Wages and Benefits Modification as follows:

All eligible employees will see a 2 percent salary increase in Pay Period 14. Funds for this salary increase are included in departmental budgets. A total of \$1.6 million is included in departmental accounts for pay equity and merit increases to annualize an allocation of \$400,000 provided in 2018.

In addition, a total of \$455,645 is included in allocated contingency accounts within each department for potential pay equity and merit adjustments beginning in the fourth quarter of 2019. The Director of Human Resources shall provide a report to the County Board no later than July 2019 on the process to award these new funds, as well as how the 2018 monies were spent. Amend the narratives to add the following language:

An appropriation of \$250,000 each (\$500,000 total) is included in the Office of the Sheriff and House of Correction for potential wage increases for Correctional Officers based on market conditions. The monies are contained within an allocated contingency account within each department. The Director of Human Resources shall provide a report to the County Board providing the specific details of the proposed increase in pay to help attract and retain staff. Approval by the County Board to release the funds (via an appropriation transfer) will be considered after the report is reviewed.

- State Exempt Computer Aid revenue is increased \$15,000 to offset the cost of extending the Free Birth Certificate Program in the Register of Deeds.

Amend the narrative for Org. Unit 3400 – Register of Deeds to add the following language:

The Free Birth Certificate Program is reauthorized to allow an additional 1,000 birth records for voting or youth employment to be distributed. The Register of Deeds shall continue to require that individuals seeking a free birth certificate must complete and sign a form verifying that they meet the criteria for obtaining a free birth certificate. The Register of Deeds is requested to provide a report to the County Board no later than the July 2019 meeting cycle on the status and use of the program.

5600	\$661,939	\$0		\$661,939
TOTAL	\$661,939	\$661,939	\$0	\$0

Amend the Recommended Budget as follows:

- Increase General Transportation Aid revenue in the Office of the Sheriff (\$490,765), Department of Transportation – Highway (\$630,985), and the Department of Parks, Recreation, and Culture (\$46,740) by a total of \$1,168,490. Provide \$661,939 to the Department of Transportation – Transit to extend a modified version of Route 57 after the elimination of Route 61 through August 2019. (Route 6 and 61 were funded with a non-tax levy source of funds in 2018). Reduce the Contribution from the Debt Service Reserve by \$506,551.

Amend the narrative in Org. Unit 5600 – DOT Transit as follows:

Operational Changes

Despite significant administrative changes and cost savings, the budget also includes modifications of transit services with low ridership and higher than average costs per passenger. Fixed-route service levels will decrease by less than 3% from 2018 levels. ~~Most of this decrease results from the elimination of the Zoo Interchange litigation settlement bus hours as approved in the 2018 adopted transit budget. Modifications of routes and trip eliminations proposed for 2019, as follows, account for less than 1% of the decrease in bus hours of service for 2019:~~

- In December 2018 non-tax levy funding for Routes 6 and 61 was depleted and those routes are eliminated for 2019. As proposed by Milwaukee County Transit System (MCTS) officials in File No. 18-641, Routes 57 and 22 will be modified in 2019 to cover the service area of Route 61. An additional appropriation of \$661,939 is provided to allow the 57 Route to continue to provide service into Waukesha County to help connect people to jobs as a designated JobLines route. Funding is sufficient to provide the inter-county portion of the modified routes though August 2019.

It is the policy of Milwaukee County to seek additional State funding to allow the transit service between Waukesha and Milwaukee Counties to continue after August 2019. The State paid more than \$13 million to help settle a lawsuit that, among other things, alleged the Zoo Interchange Expansion Project discriminated against communities of color by not including public transit improvements. Governmental Affairs staff will communicate to State policymakers the need for non-tax levy funding to continue inter-county transit service to connect workers with jobs. In addition, Government Affairs staff shall discuss with Waukesha County officials opportunities to share in the cost of providing this transit service.

I. AMENDMENTS TO OPERATING AND NON-DEPARTMENTAL BUDGETS (1A)

Government Affairs staff shall also engage groups supportive of the JobLines including, but not limited to, the Black Health Coalition of Wisconsin (BHCW) and the Milwaukee Inner-City Congregations Allied for Hope (MICAH), in the effort to secure funding to continue the service. Governmental Affairs staff shall also communicate with groups such as the Regional Transit Leadership Council that are dedicated to advancing regional transit through public-private partnership.

The Director of Transportation, working in conjunction with the Managing Director of MCTS and Governmental Affairs staff, will provide a report to the County Board no later than the July 2019 meeting cycle on efforts to secure a non-tax levy source of funds to continue the service into Waukesha County after August 2019.

Amend the narrative in Org. Unit No. 9960 – General County Debt Service as follows:

DEBT SERVICE CONTRIBUTIONS

Reserve for County Bonds (4703)

The 2019 contribution from the Reserve for County Bonds is ~~\$3,854,404~~ \$3,347,553, which is a decrease of ~~\$2,700,606~~ \$3,207,157 compared to the 2018 Adopted Budget.

Capital Narrative	\$0	\$0	\$0	\$0
TOTAL	\$0	\$0	\$0	\$0

Amend the Recommended Capital Improvement Budget Introduction (Page 5-6) related to the Annual Bond Limit by adding narrative language as follows:

The Comptroller, working in conjunction with the Department of Administrative Services – Performance, Strategy and Budget (DAS-PSB) and others deemed necessary to inform, shall study the (self-imposed) bonding limit that was implemented in 2003 to determine if it should be updated.

A recommendation by the County Executive, for example, to reserve \$23.8 million in 2020 for a new Forensic Science Center would require more than one-half of the projected annual bonding limit.

Staff should examine capital improvement needs, including the County's Five Year Capital Improvements Plan, reports submitted to the Capital Improvement Committee (CIC) and reports from the Wisconsin Policy Forum assessing the County's infrastructure. These needs include, but are not limited to, maintaining current buildings, building a new criminal courthouse to replace the Safety Building, repairing roadways and bridges, and stemming the deferral of park maintenance.

Staff should also examine the potential impacts to the County's bond ratings and the County's financial forecast along with the County's capacity to complete capital projects, and any other issues that may result from updating the current self-imposed bonding cap.

A report, including a fiscal analysis of alternative bonding limits, shall be provided to the County Board for consideration no later than the July 2019 meeting cycle.

3. By Supervisors Lipscomb, Sr. and Haas

Amend the Recommended Budget as follows:

- Modify the departmental budget narrative and adjust various capital project accounts to reflect a new policy that moves the Milwaukee County Transit System (MCTS) into the modern transit age through a planned and intentional transition to battery-electric buses (BEBs) and away from fossil fuels to lessen exposure to volatile diesel fuel prices, achieve savings over the total lifecycle of the new vehicles, and provide clean air benefits to the citizens and neighborhoods and wider community in which the County operates our transit fleet.

Amend the narrative in Org. Unit 5600 – DOT Transit as follows:

Under the heading “Major Changes in FY 2019:” add to the narrative:

Milwaukee County Transit System (MCTS) will initiate the transition of its vehicle fleet to battery electric buses (BEBs) and away from fossil fuels to lessen exposure to volatile diesel fuel prices, achieve savings over the total lifecycle of the new vehicles, provide clean air and quieter operational benefits to the citizens and neighborhoods in which the County operates our transit fleet and the wider community.

Under the heading “Strategic Implementation:” in Strategic Program Area 2: Fixed Route, add to the narrative:

Battery-Electric Buses (BEBs)

In order to embark on a long-term transition of the fleet to BEBs, the Department of Transportation and MCTS will undertake necessary facilities planning related to needed repair and maintenance needs, utility rate-structure, and related charging infrastructure.

III. AMENDMENTS TO CAPITAL BUDGET (1B)

Org. Unit Expenditures Revenue Bonds Tax Levy

The department shall expeditiously undertake a procurement process for the initial purchase of up to 15 BEBs, extended pricing for future year purchases, charging and infrastructure needs, and may also seek bids for diesel-hybrid buses as a transitional technology. The procurement shall accommodate the planned initial BRT bus purchase of 11 BEB's as well as at least four additional BEBs for general use including potential service on the Green, Red or Purple Lines based on route and operational planning undertaken prior to delivery, which can be expected by 2021 depending on the speed of the procurement and supplier schedule.

Amend the narrative for 2019 County Executive Recommended Budget by creating a new capital project WT-New – Battery-Electric Bus (BEB) Acquisitions.

2019 Sub-Project Addresses the following item/issue:

Milwaukee County Transit System (MCTS) will initiate the transition of its vehicle fleet to battery-electric buses (BEBs) and away from fossil fuels to lessen exposure to volatile diesel fuel prices, achieve savings over the total lifecycle of the new vehicles, provide clean air and quieter operational benefits to the citizens and neighborhoods in which the County operates our transit fleet and the wider community.

The DOT-Transit will conduct a study of the infrastructure needs for its maintenance garages and will incorporate the infrastructure needs, costs, and other considerations regarding the BEBs into their study. The study will be financed within the DOT-Transit operating budget. The DOT-Transit, with review by the Office of the Comptroller, will prepare a report for the Committee on Transportation and Public Works regarding the results of the study.

2019 Scope of Work

The initial BEB program will consist of the purchase of four battery-electric buses, infrastructure improvements and charging infrastructure for \$5,116,000. Financing will be provided from general obligation bonds. Since this is a new program and all of the infrastructure improvements are unknown at this time, there may be items that are not eligible for bond financing. Therefore, other financing sources may be required and the DOT-Transit shall submit a request if needed.

III. AMENDMENTS TO CAPITAL BUDGET (1B)

Org. Unit Expenditures Revenue Bonds Tax Levy

Amend the narrative for WT121 to add the following language:

2019 Sub-Project Addresses the following item/issue:

Maintain an annual bus replacement schedule in order to mitigate higher maintenance and operational costs resulting from using buses beyond their useful life. The ~~27~~ 23 buses to be replaced are 40-foot diesel buses purchased in 2004, 2005 and 2006 which are fully depreciated and have reached the end of their useful life. Project funding of ~~\$13,400,000~~ \$11,400,000 is being requested, with the intent to partially offset the net County financial commitment with CMAQ and federal Section 5339 funding.

Pursuant to County Board approval (File No.18-640), the Department of Transportation anticipates submitting an application for the State of Wisconsin's Transit Capital Assistance Grant Program (Grant). Any awarded Grant funding would replace the County's 2019 bond financing of the (Grant eligible) bus purchases. Of the ~~27~~ 23 buses included in the 2019 Capital Budget, 21 are Grant eligible and ~~6~~ two buses are non-eligible (and would still require County funding).

2019 Scope of Work:

The Milwaukee County Transit System (MCTS) will replace ~~27~~ 23 forty-foot diesel buses purchased in 2004, 2005 and 2006 which are fully depreciated and have reached the end of their useful life. Funding also includes FTA-required bus inspections.

The general obligation bonds for Project WT121 Bus Replacement Program – 2019 will be reduced by \$2,000,000, from \$11,024,000 to \$9,024,000.

Amend Capital Improvement Projects WO323, WO324, WO326 as follows:

- Reduce the combined allocation by \$3 116 000 which leaves a combined fleet replacement balance of \$3,818,271 which exceeds the Capital Improvements Committee (CIC) recommendation of \$3,700,000.

III. AMENDMENTS TO CAPITAL BUDGET (1B)

Org. Unit Expenditures Revenue Bonds Tax Levy

Amend the narrative for Capital Improvement Projects WO323, WO324, WO326 as follows:

The Fleet Maintenance Division has the discretion to determine the specific allocation for the various categories, shall distribute the funds equitably based on greatest need, and will report the result to the Committee on Finance and Audit as soon as practicable. The division shall also look to incorporate additional electric and hybrid vehicles whenever lifecycle costs can be reduced, as long as performance can also be maintained.

The DOT-Fleet Director will submit an appropriation transfer request to realign funds between three Fleet replacement projects no later than the March 2019 cycle of the Committee on Finance and Audit.

Amend the narrative for WT083 to add the following language:

2019 Scope of Work

For 2019, an appropriation of \$31,000,000 is budgeted for the remainder of the project that will include construction of enhanced bus stations and lane striping; equipment such as diesel-hybrid battery-electric buses (BEBs) and off-board fare collection systems and implementation. Financing is provided from \$4,511,000 in capital investment by the Milwaukee regional Medical Center (MRMC), \$19,400,000 in Federal Section 5309 CIG Program funds and \$7,089,000 in County Funds from general obligation bonds. In addition, \$1,275,000 is available in the existing capital project WT081 – Traffic Signal Prioritization.

The 2017 Adopted Capital Budget previously approved \$21,225,000 for Project WT083, with financing of \$18,000,000 in CIG funds, \$4,500,000 in local matching funds and \$1,256,513 in general obligation bonds.

If the \$37,400,000 in federal CIG Program funds are not approved and the BRT project is unable to proceed, the \$7,089,000 in general obligation bonding authority may be transferred to WT-New to purchase an additional eight BEBs. The FTA decision is expected by August 2019 which is when an early BEB procurement could be completed.

This amendment would have no tax levy or general obligation bonding impact.

Amend the Recommended Capital Improvement Budget for Project No. WC21401 – Forensic Science Center as follows:

- Transfer \$660,000 of the \$940,262 to an allocated contingency account within Capital Improvement Project WC21401 – Forensic Science Center – Phase 1.

Amend the narrative for Capital Improvement Project WC21401 – Forensic Science Center – Phase 1 as follows:

2019 Scope of Work:

The scope of work includes planning and design for tenant fit-out, as well as coordinated base building final design ~~with Landlord~~. Preliminarily, the base building will be constructed ~~by Medical College~~, and the interior improvements for ME and OEM offices will be built out by the County. Co- location with the Medical College of Wisconsin's Forensic Science Center is anticipated to reduce project cost and create synergies. Also included in their scope of work will be OEM planning and design for tenant fit-out at two alternate locations, 633 W. Wisconsin Ave and another lease site TBD. This assumes programming for OEM space needs will be completed by a separate study in 2018.

The Office of the Comptroller, working in conjunction with the Department of Administrative Services, shall perform a cost-benefit analysis of owning versus leasing a portion of the proposed new building. The analysis shall include the future impact on the County's operating and capital improvement budgets. The Office of the Comptroller, along with the Department of Administrative Services, is also requested to examine alternatives, such as the County constructing the building on County-owned property and leasing out space to the Medical College of Wisconsin. Further, Comptroller and DAS staff are requested to explore the status of the proposed State of Wisconsin Crime Lab for potential synergies of collocating the facility in or adjacent to a new Forensic Science Center.

Org. Unit Expenditures Revenue Bonds Tax Levy

A total of \$660,000 of the \$940,262 earmarked for the 2019 scope of work is contained in an allocated contingency account within the capital improvement project.
