### **III. PRESENTATION: AARP VOTER REGISTRATION AND OUTREACH ACTIVITIES, LISA LAMKINS, AARP**

Ms. Lamkins summarized the voter registration and outreach work that AARP is doing all over Wisconsin. She emphasized that the organization's outreach efforts are focused on older voters in the mid-term elections. She passed out packets of information that summarized 2018-19 position papers and questions for Wisconsin candidates for office. She said that people can connect to AARP's Facebook page and talked about AARP telephone town halls – one with Senator Baldwin that had about 9,700 people on the phone, and one with Senator Vukmir that is coming up on October 10<sup>th</sup>.

Ms. Lamkins talked about AARP's "voter van" that is going around the state to collect pledges from people in an effort to increase voter participation. She also talked about their first postcard party recently held in Madison which involved postcards being sent to public officials. Another postcard party will soon be held in Wauwatosa and everyone was invited to attend.

Ms. Lamkins also walked through the AARP website that provides information about voter registration as well as links to candidate websites and AARP position papers. She highlighted some of the issues AARP is working on, including preserving Social Security and Medicare for future generations. Candidates are being asked how they will strengthen these programs. She also touched on the importance of preserving Medicaid, and how this program is being targeted at the federal level for big cuts and changes. She also mentioned the importance of prescription drug prices and family caregiving services – including the benefits of Sen. Baldwin's RAISE Family Caregiver Act.

Ms. Lamkins mentioned the CARE Act and the importance of getting this type of legislation passed in Wisconsin. Caregiver tax credits are also important and are part of a statewide legislative initiative. "Work and Save" laws have also passed in other states and could be another statewide focus.

Some discussion focused on the Affordable Care Act and Wisconsin's effort to overturn the ACA. Ms. Lamkins encouraged everyone to become an informed voter and ask their friends and colleagues to do the same. AARP pledge cards were passed out.

**MOTION: Committee will write a letter in support of Assembly Bill 631 and Senate Bill 528 to all state representatives within Milwaukee County.**

**ACTION: Motion carried unanimously (Mikolajczyk moved, Haase seconded)**

Some discussion ensued about the state CARE Act. Mr. Harrington noted that this legislation did not have a bill number in the last legislative session and that this issue is a “wait and see” issue for the next legislative session. The Committee agreed to keep this issue on their radar as the next legislative session begins.

#### **IV. PRESENTATION: LEAGUE OF WOMEN VOTERS VOTER OUTREACH ACTIVITIES, MICHELLE GOLDSTEIN, LEAGUE OF WOMEN VOTERS**

Ms. Goldstein introduced the work of LWV. LWV has been working in the community for almost 100 years and takes action on wide variety of local, state, and federal public policy issues.

Ms. Goldstein referenced the elimination of the state’s deputy registrar program and congratulated the Committee for taking a position supporting the reinstatement of this program. She emphasized that the current online voter registration system needs to be improved.

She noted that every library in Milwaukee has a kiosk where people can get help with voting resources. She said that LWV registers new citizens to vote at the Courthouse, and they also work in high schools to ensure that eligible youth are registered to vote. She encouraged everyone to become a voter registration advocate. She said that LWV particularly works with seniors and people of color who are underrepresented in the voting population, and they hold monthly voting trainings, which are posted on the LWV website, that everyone was encouraged to attend.

Ms. Goldstein passed out MyVoteWi cards and walked the Committee through different components of the state’s MyVote website. Some discussion ensued about the complexity of ballots and how difficult it was for seniors and other people to follow the current ballots. Credit card statements are now allowable as proof of residence for voting purposes, which is a new development.

Ms. Goldstein also mentioned that UW-Milwaukee is an early voting site this year. She said LWV is not putting too many resources into college outreach and recruitment.

Ms. Goldstein passed out LWV outreach materials, including MyVoteWi cards, early voting hours information in Milwaukee, a candidate information flyer, Milwaukee Election Commission leaflets, a Disability Rights Wisconsin flyer, and VoteRiders cards. She emphasized that state ID’s are free of charge. She said a key message is to encourage people to fill out absentee ballots and vote early in the process.
