## DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
  - B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. <sup>1</sup> If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
  - C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
  - D. Describe any assumptions or interpretations that were utilized to provide the information on this form.
- A. The Director, Department of Health and Human Services (DHHS), is requesting approval to enter into a 2019 contract with the State of Wisconsin to operate a Disability Resource Center (DRC) under the State's Family Care Program for the period January 1, 2019 through December 31, 2019.

Approval of this request will ensure the continued availability of reliable and objective information about the broad range of programs and services available to Milwaukee County residents, ages 18-59, with physical and/or developmental/intellectual disabilities. This includes access to publicly-funded long-term care programs including Family Care and IRIS.

- B. Approval of this request will enable the DHHS Disabilities Services Division (DSD) to accept \$2,074,753 in State general purpose revenue (GPR). These funds and the \$1.3 million in tax levy budgeted for the DRC allow it to draw down federal Medical Assistance (MA) match revenue of \$3.3 million. These funds support the DRC's total 2019 expenditure budget of about \$6.7 million.
- C. There is no 2019 budgetary impact by approving the State DRC contract. The 2019 State allocation of \$2,074,753 is consistent with the 2019 Budget.
- D. No further assumptions are made.
