In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.
 - A. Approval of this resolution will authorize the Select Committee on Deferred Compensation to enter into a new five-year agreement with Empower Retirement for recordkeeping services related to the County's 457(b) deferred compensation plan. The contract period is April 1, 2019 through March 31, 2024 with up to two possible one-year extensions.
 - B. The Deferred Compensation Plan is entirely funded through fees charged to participants in the plan. There is no tax levy used to operate the program other than some minor staff time to administer the plan. The proposed agreement with Empower Retirement is based on \$26.92 per participant per year. Based on a current enrollment of approximately 4,371 participants, the annual recordkeeping fees will be approximately \$117,667. This entire cost will be paid by deferred compensation plan participants for no net impact to Milwaukee County. Empower will also administer the Stable Value Fund exclusively for Milwaukee County participants. This fixed investment alternative will charge participants 0.30% for management and contract wrap fees.
 - C. There are no budgetary impacts. There are no public funds used to operate the Plan.
 - D. No assumptions were used.

¹ If it is assumed that there is no fiscal impact associated with the requested action, then an explanatory statement that justifies that conclusion shall be provided. If precise impacts cannot be calculated, then an estimate or range should be provided.

² Community Business Development Partners' review is required on all professional service and public work construction contracts.
