KNOW WHERE ALZHEIMER'S HIDES.

Alzheimer's is hiding in plain sight – at home, in the workplace, at church, and in your community. Some of the warning signs of Alzheimer's include:

- New problems with words or speaking
- Confusion with time or place
- Withdrawal from work or social activities
- Trouble understanding visual images

Learn the other warning signs of Alzheimer's, and how to access local care and support resources in your community at www.alz.org/Wisconsin or call **800.272.3900**
