

Jewish Family Services

Late Life Counseling

IMMEDIATE OPENINGS

As seniors age, they can face a wide range of physical and mental health challenges that negatively impact their level of independence and quality of life.

Jewish Family Services' Late Life Counseling program provides seniors with convenient access to mental health counseling services in their own home, allowing seniors who are homebound or otherwise unable to travel to community based locations to address their mental health concerns.

Our caring, compassionate mental health professionals offer older adults a comprehensive assessment and follow-up sessions with a client-centered focus to meet their unique needs.

MILWAUKEE COUNTY
Department on Aging

Services for Seniors
