

Envisioning Our Senior Centers

Aging Advisory Council Seeks Your Ideas

The Milwaukee County Department on Aging is committed to providing services and programming that promote the dignity, independence, and engagement of older adults in our community.

We are holding a series of Community Conversations to hear from older adults and community stakeholders about your vision for our senior centers. Your ideas will help shape the future of our senior centers.

Please join us for one of the following sessions and help spread the word. We want to hear from as many people as possible!

Online Survey

If you are unable to join us at one of the Community Conversations, you can also fill out an online survey at: county.milwaukee.gov/aging/envision
