DESCRIPTION OF FISCAL EFFECT

Department/Prepared by:

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. ¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

The attached resolution creates 1.00 FTE Area of Concern Program Supervisor position within the Parks Department funded by a Wisconsin Department of Natural Resources grant. The position will be reduced or eliminated based on grant funding. This position is budgeted at step 1 of pay grade 29 with a salary of \$60,188 and a total personnel cost of \$88,187, including social security and fringe benefits. Total indirect costs of \$10,300 for licensing, millage reimbursement, and IT equipment are included in the grant revenue. Assuming the position is filled by pay period 20 or October 3rd 2019, revenue and expenditures will increase by \$24,622. The total expenditures for the position in 2020 total \$100,506, assuming a two percent salary increase, fringe benefits, and indirect costs. The Department's 2020 budget request includes grant funding for the position and indirect costs, which is offset by grant revenue in a like amount.

Mark R. Yatchak, DAS-PSB
