I wholeheartedly support the County Executive's proposal to allocate \$700,000 in CARES Act Funding for our

county's arts and culture organizations as outlined in item 20-809 on the Finance Committee's agenda for Wednesday morning. Thank you for hearing and responding to the plight that Milwaukee's arts and cultural organizations are currently facing.

The arts and culture sector was the first to close when the pandemic struck and it will be the last to reopen with the full confidence of the general public. With these funds from the CARES Act, Milwaukee County will join many of its peer counties from across the nation that have recognized the importance of arts and culture to its residents and the economy.

Milwaukee County's arts and cultural organizations are essential to our city's vitality, wealth, and growth. Thank you for taking action to recognize this.

Please support this allocation for Milwaukee County Arts and Culture. Our Arts and Culture organizations are major drivers of innovation, creativity, economic activity, and community connection. They have been badly battered by the pandemic and require additional support to survive and thrive.
