

Updates to Administrative Orders

Finance Committee, March 18, 2021

Overview of Updates to Administrative Orders since January 28, 2021

Order Name	Order #	Notes on Changes
Procedures for Responding to Individuals with Confirmed Cases of, Symptoms of, or Exposure to COVID-19	20-7v5	<ul style="list-style-type: none"> Being vaccinated may change an individual's response to symptoms of COVID-19 only during the 72 hours following the vaccine injection, when side effects of the vaccine may mimic COVID-19 symptoms but do not require individuals to stay at home or be tested for COVID-19. Being fully vaccinated will eliminate the requirements to quarantine following exposure to COVID-19 for the three months following vaccination, like recovering from a confirmed case of COVID-19 does.
Service Risk Mitigation and Re-Opening Requirements	20-13v7	<p>Raised capacity levels:</p> <ul style="list-style-type: none"> Indoor Capacity is set to the lesser of: 1) 25% (pre-COVID) capacity; 2) 1 person per 30 square feet of usable space; or 3) 150 people in the enclosed area at a time. Outdoor Capacity is set to the lesser of: 1) 25% (pre-COVID) capacity; 2) 1 person per 30 square feet of usable space; or 3) 250 people in the enclosed area at a time. If seating is available for dining, may operate at lesser of 50% capacity, 1 person per 30 square feet, or 150 total people in the seating area at a time, including staff
2021 Expanded Paid Sick Leave Administrative Order	21-1v2	<ul style="list-style-type: none"> Clarifies that that sick time, not EPSL banks, should be used for absences resulting from side effects caused by the COVID-19 vaccine.

Anticipated Updates to Administrative Orders

Order Name	Order #	Notes
Procedures for Responding to Individuals with Confirmed Cases of, Symptoms of, or Exposure to COVID-19	20-7v5	CDC updated quarantine guidance again for vaccinated people. Asymptomatic, fully-vaccinated people no longer need to quarantine after contact indefinitely (no longer just for 90 days). Will change quarantine policy and health screening questionnaire to match new guidance.
