DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
 - B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. ¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
 - C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
 - D. Describe any assumptions or interpretations that were utilized to provide the information on this form.
-
- A. If adopted, this resolution would authorize and direct the Department of Parks, Recreation, and Culture to change the name of Lindbergh Park to Lucille Berrien Park and to process an appropriation transfer request in the amount of \$9,750 from Org. Unit 1800-1945 – Appropriation for Contingencies to Org. Unit 9000 – Department of Parks, Recreation, and Culture to update the signage at the park, if the City of Milwaukee agrees to remove the naming provision in the deed.
 - B. Adoption of this resolution would require new signage in the Park, at an estimated one-time cost of approximately \$9,750. Because the Department's 2021 Adopted Budget does not include funding for this initiative, monies from the Appropriation for Contingencies would need to be transferred to the Department of Parks, Recreation, and Culture to cover the cost of new signage. Existing staff time is also needed to procure and install the new sign.
 - C. There is a budgetary impact of \$9,750. The resolution authorizes the Department of Administrative Services to process a transfer from the Appropriation for Contingencies to cover the cost of the new signage. There are no additional costs anticipated for subsequent years. The transfer will not proceed until the City of Milwaukee agrees to remove the deed restriction on the park's name and the Department of Parks, Recreation, and Culture provides an informational report back to the County Board.
 - D. No assumptions or interpretations were used.

¹ If it is assumed that there is no fiscal impact associated with the requested action, then an explanatory statement that justifies that conclusion shall be provided. If precise impacts cannot be calculated, then an estimate or range should be provided.
