DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. ¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

- A. Implementation of Wisconsin Statutes 59.21(31) with regard to purchase of professional service agreements (under the Milwaukee General Ordinance Chapter 56) for Capital projects requires County Board approval for award the initial agreement, or fee extension(s) to the original agreement, when the total contractual fee exceeds \$300,000.
- B. This fee increase, including design contingencies, results in a not to exceed total fee of \$719,119 for the professional services agreement to W.F. Baird & Associates for design services for capital project WP706 – South Shore Breakwater Repairs.
- C. The adopted 2021 capital budget included a total of \$1,066,471 for capital project WP0706011. There are sufficient funds in capital budget WP0706011 to award the requested fee increase for additional design services under the professional services agreements to W.F Baird & Associates.
- D. None.

¹ If it is assumed that there is no fiscal impact associated with the requested action, then an explanatory statement that justifies that conclusion shall be provided. If precise impacts cannot be calculated, then an estimate or range should be provided.
