POLICY

Milwaukee County Professional Services Ordinance 56.30 (4)(a)(1) requires that the Department of Transportation and Public Works (DTPW) shall provide in February each year to the Committee on Finance and Audit, and the Committee on Transportation, Public Works and Transit an updated report on public works capital projects requiring the use of any professional services contract.

BACKGROUND

The Department of Transportation and Public Works (DTPW) has reviewed the approved 2011 adopted capital projects and has established the attached updated staffing and consultant use plan proposals for each. There are no significant changes to this staffing plan from that proposed in

the adopted capital budget.

We have also indicated on the attached spreadsheets our recommendations to the Director of DAS for signature authority delegation to other County Departments for certain capital projects that will not be managed by DTPW. County Board approval of the indicated signature authority recommendation will provide the appropriate signature authority for each project.

RECOMMENDATION

DTPW recommends approval of the DTPW staff and consultant use plan for approved 2011 adopted capital projects.
